

Welcome to Loo®

A simple guide to choosing compatible wipes and getting the best hold.

Designed for a cleaner, more organized bathroom.

Take a moment to confirm wipe-pack compatibility and mounting surface before use.

BEST HOLD: Use a clean, dry, smooth, non-porous mounting surface.

1 Choose compatible wipes

WILL THIS WIPE PACK FIT?

CHECK PACK SIZE & SHAPE BEFORE YOU BUY

✓ FITS	
	42 COUNT PACK STANDARD SIZE RECTANGULAR PACK ✓ WILL FIT

✗ WILL NOT FIT		
 56 COUNT PACK EXTRA-THICK PACKS ✗ WILL NOT FIT	 XL FLUSHABLE WIPES ✗ WILL NOT FIT	 BABY WIPES LARGE BABY WIPE PACKS ✗ WILL NOT FIT

! FOR BEST RESULTS: USE 42 COUNT STANDARD RECTANGULAR WIPE PACKS ONLY.

Designed for standard rectangular flushable wipe packs (approximately 42-count).

Welcome to Loo®

Install, load and use your Loo dispenser.

2 Install for the best hold

Before you start

Choose a smooth, non-porous surface such as porcelain, glass, a mirror, or smooth ceramic tile.

1 CLEAN

Clean and completely dry the mounting surface.

2 PRESS

Press firmly on all suction points for 10-15 seconds.

AVOID Painted, textured, porous, uneven, or unfinished surfaces.

3 Load, latch and enjoy

Load your wipes

1 Open the main lid.

2 Insert a compatible wipe pack.

3 Close the main lid until fully latched.

4 Pull one wipe at a time, then close the small dispensing lid.

Quick troubleshooting

Won't stick? Confirm the surface is clean, dry, smooth and non-porous.

Won't close? The wipe pack may be too large or extra-thick.

Wipes drying out? Fully close the dispensing lid after every use.
